Important Disclosure: None of the planners or presenters of this CME/CE program has any relevant financial relationship to disclose.

Accreditation Statement: LAISPS is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. LAISPS takes responsibility for the content, quality and scientific integrity of this CME activity.

Physicians: LAISPS designates this educational activity for a maximum of 60 AMA PRA Category 1 Credits. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certificate in Continuing Medical Education.

Psychologists: LAISPS is approved by the American Psychological Association to sponsor continuing education for psychologists. LAISPS maintains responsibility for this program and its content.

Social Workers and Marriage and Family Therapists: LAISPS is approved by the Board of Behavioral Sciences to grant continuing education credit to those holding LCSW and MFT licenses. (Provider #PCE311) This activity is designated for 60 credit hours.

CONTINUING EDUCATION

BUYER'S RIGHT TO CANCEL:

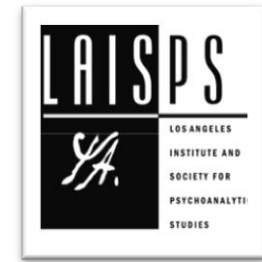

A student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance of the first class session, or the seventh day after enrollment, whichever is later by addressing a refund request and Notice of Cancellation to the Administrative office of The Los Angeles Institute and Society for Psychoanalytic Studies, 12011 San Vicente Blvd., Suite 520, Los Angeles, CA 90049. The refund request letter should include dates of all instruction sessions attended; date of last instruction attended, and refund amount requested in keeping with the formula listed below. LAISPS will issue a refund request within 30 days after receiving the formal request and Notice of Cancellation.

REFUND INFORMATION:

A student has the right to a full refund of all charges if she/he cancels the enrollment agreement prior to or on the first day of instruction. In addition, a student may withdraw from a course after instruction has started and receive a pro-rata refund for the unused portion of the tuition and other refundable charges if she/he has completed 60% or less of the instruction. In the following example, a student who completed 10 hours of a 108-hour program for which she/he paid \$2,200 in tuition would receive a \$1,996.30 refund.

Sample Refund Formula:

Hours Paid For - Hours Attended x Total
108 hours - 10 hours x \$2,200 = \$1,996.30

for Psychoanalytic Studies Presents

The Eating Disorders Program

Specialized Training

Exploring underlying factors
and strategic interventions

December 2016 - May 2017

Susan Krevoy, PhD
Victoria Curea, PsyD
Program Directors

About the Course

This 23 week course in eating disorders explores the underlying issues and functions of anorexia, bulimia and binge eating. The first three weeks of the course will orient students toward psychoanalytic theory and to three, in depth, case presentations. The price of the course includes these first “preparatory” classes. Students who do not feel they need a preparatory course are welcome to join the program in January.

Each evening will consist of both theory and technique. We will view eating disorders from psychodynamic, biological, genetic, socio-cultural, familial, and addiction perspectives. The challenging realities of working with a treatment resistant population will be discussed along with inherent medical risks and complications. We will examine the unconscious effort to control and cope with developmental trauma and attachment insecurity and we will explore how personality disorders may underscore symptoms and complicate recovery. Finally, students will engage with professionals in the field and learn valuable assessment skills, how to coordinate care with nutritionists and medical personnel, and how to function as a member of a treatment team.

Goals and Objectives

- Identify the unconscious forces, drives and developmental traumas underlying eating disorders.
- Describe the neurobiological, genetic, familial and cultural components of eating disorders.
- Recognize the addictive properties of eating disordered behavior.
- Create and maintain effective boundaries in treatment.
- Address underlying personality disorders.
- Blend interventions (psychodynamic, cognitive behavioral & family systems) to provide effective treatment.

Schedule and Faculty

Thursday Evenings

Orientation: December 1, 2016 5pm
Classes: December 1, 2016 – May 25, 2017
6:00 p.m. to 9:00 p.m.
Graduation: June 1, 2017

LAISPS

12011 San Vicente Blvd., Suite 520
Los Angeles, CA 90049

SESSION I (3 weeks)

Meredith Redding, MFT
Victoria Curea, Psy.D

- Introduction to Psychoanalytic Theory with specific focus on Eating Disorders
- The Bulimic, Anorexic and Binge Eater

SESSION II (10 weeks)

Sacha Bollas, Psy.D
Margy Fetting, Ph.D
Victoria Curea, Psy.D

- Developmental Traumas and the Origins of Eating Disorders
- Drives and Excesses: Addictive States in Eating Disordered Patients
- Binge Eating and Orthorexia

SESSION III (10 weeks)

Lynda Chassler, Ph.D
Lisa Crilley, MFT & Susan Zinn, LPCC

- The Added Complexity of the Personality Disordered Patient
- Visiting Professionals Seminar and Treatment Considerations

Registration

Name _____

Address _____
